

# Overview of open-cell ceiling with PUNTEO-N 1x1

## Planing and projection tool

### 🔧 Planning tip

The module inserts must be also ordered for the corresponding open-cell ceiling.

### 🔧 Implementation note

The luminaires can be mounted without tools. The module adapters must be fitted between the light and the open-cell ceiling.

### 🔧 Planning tip

Please refer to the sheet 'LED driver units for PUNTEO-N 1x1'

## Insertion method

### Direct insertion

### Centring pins Cell size 40mm

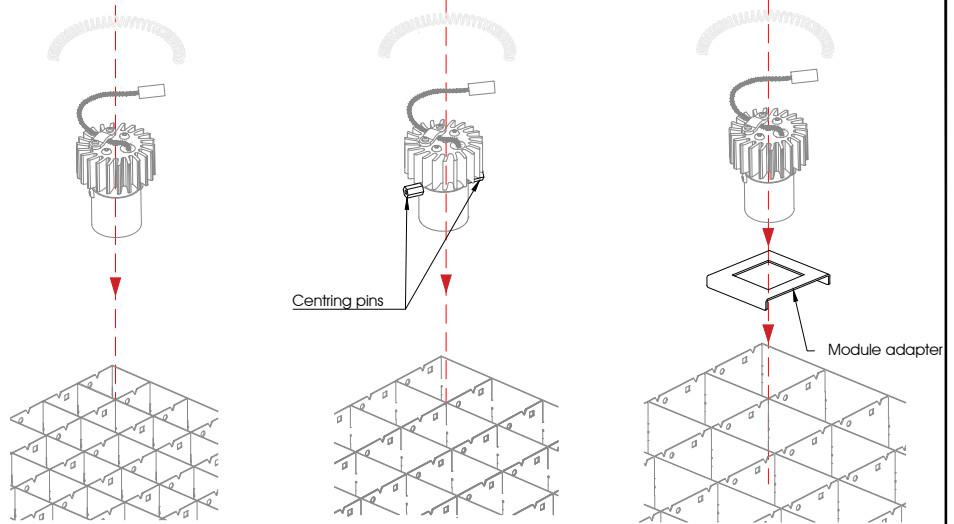

### Module adapter Cell size 50mm

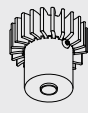

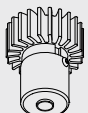

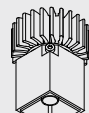

Tension spring  
for fixing the light
